

TOP SERVICE BANNER FOR SPORTS LED SIGNAGE

Super Wide Angle & Flicker Free

UV-resistant SMD LED's, which deliver 140o/140o viewing angles, along with the best IC model, a minimum refresh rate of 3840Hz and a 16-bit grey scale. Each diode also benefits from an equal louvre top and bottom to enhance filming and ensure the uniform image distribution is fully compatible with the camera, delivering the ultimate TV viewing experience.

Easy Installation & Maintenance

Top servicing for easy access, particularly in perimeter board applications. Every component is easy to access from the top - no hidden nightmares when it comes to quick swap outs.

Power to the ROI

Working at an average power consumption of just 200 watts per m², digLED TSB is a great performer, and when you take the universal view; low installation costs, time saving remote monitoring and redundancy features, it's clear that it is your best player.

In Control 24/7

Any issues that arise can be dealt with swiftly and effectively, increasing up-time and ensuring your return on investment.

Built for the Harshest Climate

Up to IP65 both front and rear - you can be confident that TSB can perform faultlessly when the weather decides to throw everyting at it.

5 Year Warranty

As with all digiLED Premium products, TSB comes with a 5 year warranty. Contact your local Service Lab via online RMA for our renowned fast turnaround.

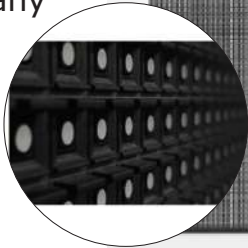

FEATURES

All components are accessible and serviceable from the top.

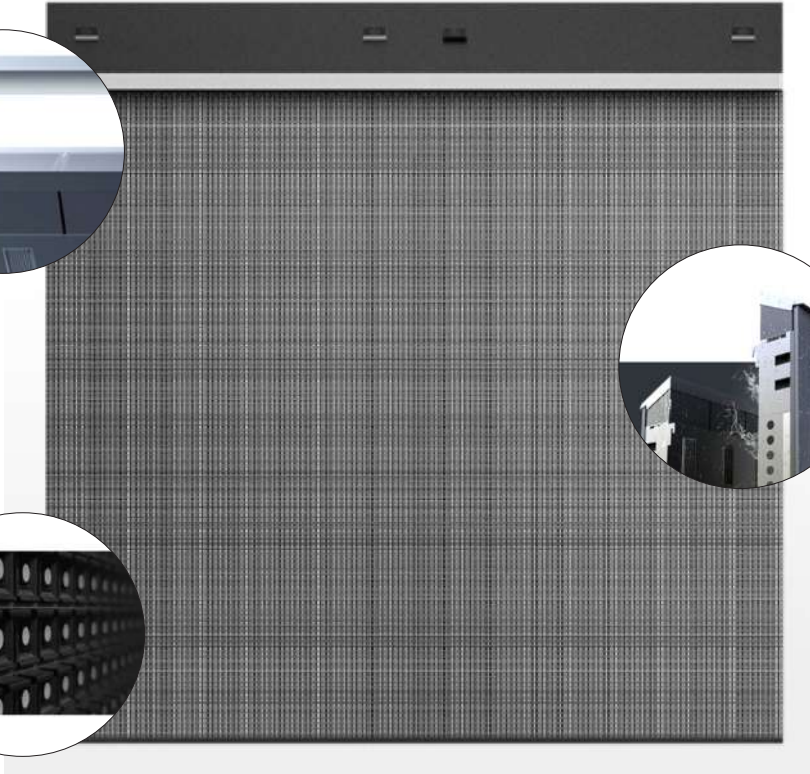

EMC standards and certification achieved through exacting build qualities, R&D investment and engineering experience.

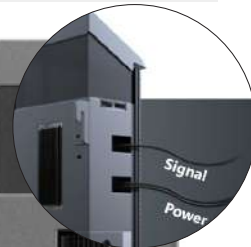

Point-by-point chroma correction eliminates any differences across different diode batches.

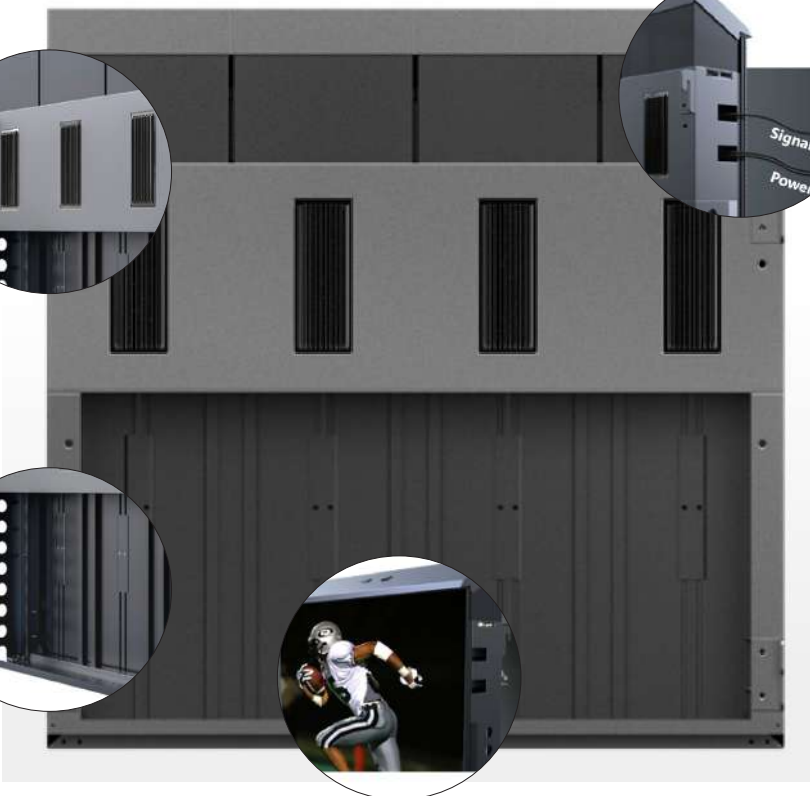

IP65 rear sealed module protects against the harshest of weather extremes.

Installation and individual cabinet fixing to the mid-tier or upper terrace facias simplified with a two hook design.

Power and signal cables are accessed through side openings, ensuring safe management and a neat appearance.

digiLED signal redundancy system ensures broadcast efficiency and reliability tat will guarantee you uninterrupted advertising.

SPECIFICATIONS

Outdoor		TSB 10	TSB 16
Physical Pixel Pitch (HxV) mm		10	16
Pixel Resolution (Width/Height)	Pixels/Panel	160 x 96	100 x 72
Standard Panel Size (W x H D)	mm	1600 x 960 x 215	1600 x 1152 x 215
Standard Panel Area	m2	1.536	1.8432
Ingress Protection	(Front/Rear)	IP65/IP65	
Maintenance Access		Top servicing - all components	
Refresh Rate (max.)	Hz	≥1920	
Uncalibrated Brightness*	nits	≥6500	≥6500
Input Voltage	VAC/Hz	100~250/50-60	
Typical Working Power Consumption**	W/sqm	300	
Max Power Consumption**	W/sqm	650	
Certification		CE (IEC82368-1) TBC, FCC, CCC, ETL	
HDR***		(see foot note)	

All specifications are subject to change without prior notification. E&OE.

Specifications are for standard system configuration. Contact your digiLED expert for detailed specification.

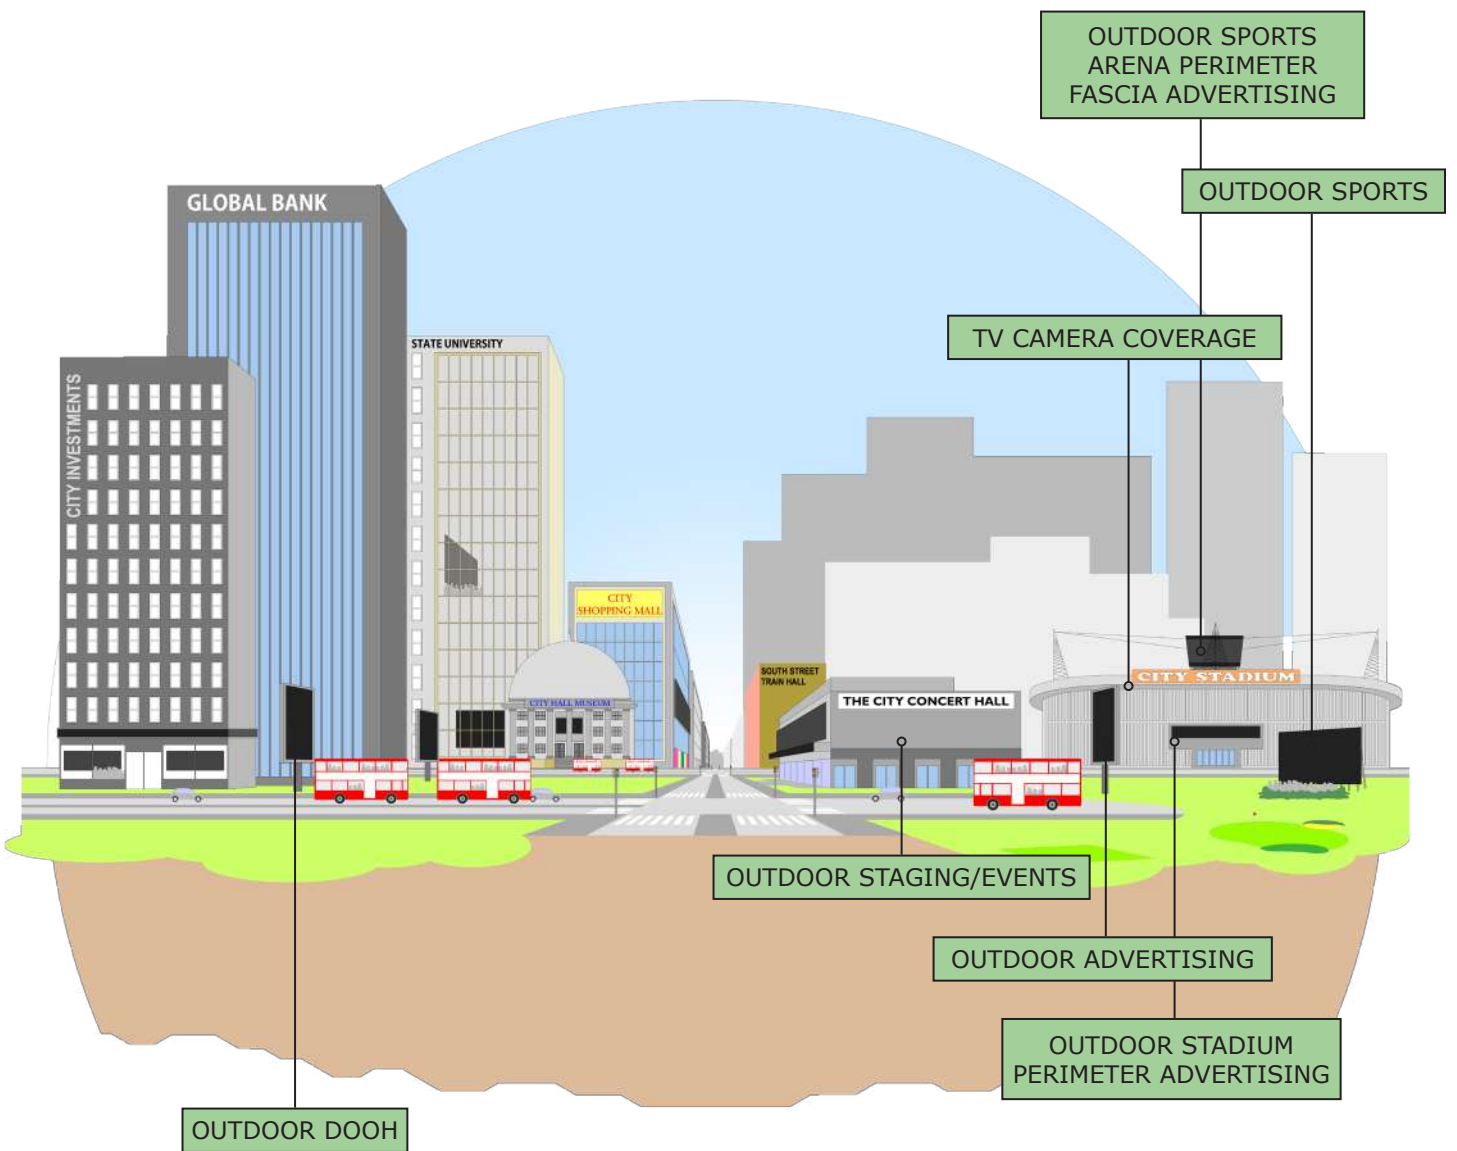

*The figures shown for brightness are standard guideline figures only, based on average test laboratory conditions.

** The figures shown for power consumption are standard guideline figures only and based on average test laboratory conditions.

***HDR: Subject to system configuration and processing.

OUTDOOR

BUILT WITH THE HIGHEST GRADE COMPONENTS THROUGHOUT

MONITORED & QUALITY CONTROLLED BY OUR OWN HIGHLY KNOWLEDGEABLE digiLED TECH HUB QC ENGINEERS, THE INDUSTRY'S LEADING QC TEAM

A 5 YEAR WARRANTY: OUR TECH HUB SERVICES ARE LOCATED IN THE US, UK, ASIA and SOUTH AFRICA

INCLUDES AN ENHANCED & COMPREHENSIVE SPARES PACKAGE

BUILT IN TRUSTED, PREMIUM PARTNER ASSEMBLY PLANTS

SUBJECT TO A COMPREHENSIVE QC PROGRAMME FROM POINT OF ORDER, RIGHT THROUGH TO HANDOVER

FULLY CERTIFIED: CE, UKCA, FCC, CCC, ETL, RoHS, LVD, EMC

OPTIONAL BUILT-IN digiLED ZEUS POWER MANAGEMENT SYSTEM, AT ADDITIONAL COST

Our Ethos

Our goal is to do business with suppliers and customers whose company we enjoy and whose principles and values we respect.

We endeavour to be politely firm in our beliefs and steadfastly uphold our standards by doing the job correctly to produce quality products, supplied with loving care, to customers who cherish our systems and the enthusiastic, friendly expertise we strive to provide.

We love our work and are proud of our experience and our expertise. We want to do business with people who see the benefits of what we do and appreciate our input.

digiLEDers are keen to offer advice and an insight into our specialist knowledge without demanding a commercial return, if we can't convince customers of our value, we don't deserve their patronage.

Our Products

Huge, bright, vibrant, bespoke digiLED screens are designed using premium components, by seasoned LED experts, then crafted and assembled in selected specialist factories.

Assembly, production and testing is monitored by the industry's leading QC team, using a proven 228-step manufacturing QC process, paying meticulous attention to fine detail.

The resulting digiLED screens exhibit superior images, providing reliable performance throughout the 5-year warranty period and beyond. Supported locally by experienced, qualified, field and bench engineers.

digiLED quality just lasts.
